We need items of news for the newsletter, and if
they are not sent in to the office it is impossible

CUTTING HORSE CLUB

On Monday 13th September a meeting was held by a few people who are interested in seeing Cutting promoted in W.A. The meeting was attended by 14 people and a club calling itself the W.A. CUTTING HORSE CLUB was formed. This club will be affiliated with the N.C.H.A. of Australia.

The aims of the club are to promote cutting in W.A. and to gain a more even judging of this event for the benefit of members participating.

A Committee was formed at Monday's meeting and anyone interested in joining the club should contact any of the following persons for more information:

Mr. M. Thompson Albany
Mr. K. Hyde Albany
Mr. L. Fields Albany
Mr. G. Hintze c/- Post Office MIDLAND

A Cutting Day will be held at Wellard Park on Sunday 10th October, 1976. Everyone welcome, beginners, experienced riders and anyone interested in learning more about the judging of this event.

The W.A. Cutting Club is open to all breeds of horses.

THE VERSITILITY OF THE QUARTER HORSE

A little item came to light this week which just shows how versatile the Quarter Horse really is.

Mr. Norm Richardson had some trouble with his neighbours rams (all 50 of them) getting in amongst a herd of his ewes. This would pose a problem to most, but not to Norm who owns a Quarter Horse.

With no one to help him with this chore, Norm saddled his horse, went out and cut the rams out of his herd, a task which under normal circumstances would take a number of men quite a few hours to achieve a result was done by one man and his horse, (Quarter Horse of course).

Some people have the nerve to call this breed of horse stupid and brainless, we know that everyone is entitled to voice their opinion, but it would be a pleasant change if before making such statements these people would just look at some of the facts about the capabilities of the Quarter Horse.

1976 PERTH ROYAL SHOW

Well the 1976 Royal Show is under way and we have quite a number of entries in the Quarter Horse events, in fact all the horse entries have increased last year.

We are hoping for a bigger and brighter year and the way the preparations are going I feel anyone coming to the Show can not help but have a good time, competitors and spectators alike.

Many of the members of the W.A.Q.H.A. have not yet met and would appreciate it if they would make themselves known when they come to the Show.

I wish all competitors every success, and although there are not a lot of events for Quarter Horses this year the overall impression given to the public will be a good one.
